

## Specification JM008 Slide Grease - 25ml Tube

The preferred slide grease for all tuning slides. Seals permanently and prevents the formation of lumps at the end of the slide thanks to its good adhesive properties and temperature resistance. Protects against corrosion and wear.

### Features:

- For stationary slides
- Seals permanently
- Long lasting seal and firm slide
- Does not resinify
- Protects against wear and corrosion
- Odourless
- CO<sup>2</sup> / climate-neutral production
- Made in Germany
- Content: 25ml
