Tuba Bow Guard

The Neotech **Tuba Bow Guard** is the ultimate solution for safeguarding your tuba from annoying and costly dents caused by everyday use. Designed with real-world performance in mind, this innovative tuba branch protector offers reliable, lightweight protection for rehearsals, performances, and marching.

Constructed with top-grade materials, the **Tuba Bow Guard** absorbs impacts to keep your tuba looking and sounding its best. The adjustable nylon straps and secure plastic clips provide a snug, universal fit for most tuba brands, ensuring maximum protection wherever your musical journey takes you.

- **Fits most convertible or marching tubas with a 14" bow**
- **Premium bow protection shields from damaging impacts both on and off the field**
- **Field-tested durability engineered to endure the demands of marching bands, orchestras and rehearsal environments**
- **High-quality materials with a heavy gauge plastic core, high-density foam, and a Cordura® nylon cover for exceptional durability and lightweight performance**
- **Universal secure fit with adjustable straps and clips accommodate most tube brands ensuring a secure and snug fit**
- **Lightweight and portable design for heavy-duty protection without unnecessary weight making it easy to transport and carry**

Easy to apply with quick disconnect fasteners
